Glem,

At the Providence council meeting last week, we adopted the attached proposal.

A committee has been appointed, made up of the following brothers: Don Aasman, Joe Bontekoe, John Langendoen, Herman Van Barneveld.

I am not on the TAP committee, but I will be assisting in an advisory capacity as needed. I hope to call the first meeting to get the committee rolling in the next two or three weeks. After that, one of the brothers from the committee should be getting into contact with you. We should begin thinking about the first quarter of 2014...

We hope that TAP will be a blessing and support to your efforts, but more importantly we pray that it will help to advance the gospel in the Philippines.

Yours in Christ,

Wes
